Hi Frances,

Just wanted to check in and see if I should remove the holds for next week?

Thanks,
Adena

Yes. Adena. Thank you for checking.

I have left messages for both Shell Research and Indorama. I will see if I can get both of these scheduled tomorrow. I may have to ask for dates in May, as several of these dates are next week.

Hi Frances,

I saw that you set up one of the calls. I think you are still going to schedule 2 more calls, is that correct? I am holding the times below on several TCEQ calendars so I just want to confirm.

Thanks,
Adena

Good Afternoon Frances,

Please see below for the dates/times that work for Tonya and the Office of Air Staff that you copied on the email. She would also like to include Sam Short and Dr. Honeycutt. It looks like Dr. Honeycutt is available the times that work for Tonya below, but I am copying him so that he can confirm his schedule. I have checked Sam's schedule, and he is available.

Subject: Potential dates for EtO calls with 3 TX Industries

Tonya and Adena,

I am scheduling calls with three TX industries – Indorama (formerly Huntsman – Port Neches), Shell Research – Houston, and Texas Eastman – to discuss their ethylene oxide emissions and any changes to those emissions since 2014. I have attached a draft agenda for your review and understanding of the major topics we will be discussing with each facility. I expect the calls to last about 45 minutes, depending on if the facilities wish to make a presentation (I will offer that to them).

Before I schedule the calls with the facilities, I wanted to check with your schedules to see if you have any significant conflicts. Please review the following times and let me know of conflicts. May I have your response by COB on Wednesday, April 7, 2021?

Tuesday: April 13 from 2 pm to 3 pm cdt

Thursday: April 15 from 11 am – 12 noon cdt

Friday: April 16 from 1 to 2 pm cdt

Tuesday: April 20 from 10 to 11 am cdt

Wednesday: April 21 from 10 to 11 am cdt

Wednesday: April 21 from 11 am – 12 noon cdt

Wednesday: April 28 from 10 to 11 am cdt

Thursday: April 29 from 10 to 11 am cdt

Friday: April 30 from 10 to 11 am cdt

Friday: April 30 from 1 to 2 pm cdt

I appreciate your time to participate in this activity. Thank you, Fran
